Salisbury University, as a center of learning, research, culture, and community, requires a First Year Seminar for all students in their first year (including transfer students). First Year Seminar (FYS) courses are an introduction to a Salisbury University education that encourages exploration of relevant issues or enduring questions from multiple perspectives. The courses are content and inquiry-driven and not exclusive to one discipline or major. For this reason, FYS courses combine learning with mentorship and a student focu

First Year Seminars (FYS) are designed, assessed,
