

Social Work Best Online Program

AffordableCollegesOnline.org, a website ranking U.S. colleges and universities, named SU one of the nation's best online social work degree providers for the 2016-17 academic year.

SU was 13th out of 43 colleges and universities ranked. Salisbury was the only Maryland campus on the list. Also included were Penn State University and several of its satellite campuses, as well as the universities of Alabama, Arizona and Utah.

Factors weighed in the ranking included undergraduate tuition and fees, breadth of online social work programs offered, student-to-faculty ratio, six-year graduate rate, availability of financial aid, and academic and career counseling services.
